I. INTRODUCTION

The Alabama Department of Senior Services (ADSS) is issuing a Request for Proposal (RFP) to seek a qualified public or non-profit organization for the provision of Senior Community Service Employment Program (SCSEP) services through a sub-grant with ADSS.

Through this RFP, a qualified service provider will be identified and selected to assist SCSEP-eligible residents in Jefferson County, to foster individual economic self-sufficiency and promote useful part-time opportunities in community service assignments.

Those eligible for the SCSEP program are unemployed, low-income persons who are 55 years of age or older. The sub-grant award is for twelve months starting July 1, 2019 and ending on June 30, 2020. This sub-grant award contract may be subsequently extended for three (3) one (1) year terms at the discretion of ADSS, with the concurrence of the Governor, and when allowable by State laws. This sub-grant award is conditional upon the availability of federal funds. Should funds become unavailable during the term of the sub-grant contract, the sub-grant award shall terminate upon notice by ADSS.

A. About the Alabama Department of Senior Services

The Administration on Aging awards OAA funds for supportive home and community-based services to the State Units on Aging (SUAs), which are located in every state and U.S. territory. SUAs are agencies of state and territorial governments designated by governors and state legislatures to administer, manage, design and advocate for benefits, programs, and services for the elderly and their families and, in many states, for adults with physical disabilities. ADSS is the State Unit on Aging for Alabama which operates numerous programs serving older adults and/or adults with physical disabilities, providing the opportunities and supports to these individuals to live independent, meaningful, productive, and dignified lives. For more information on ADSS, please see our website at www.alabamaageline.gov

B. Our Network of Sub-grantees

ADSS currently manages the Senior Community Service Employment Program through its 11 sub-grantees statewide. Our network of sub-grantees includes area agencies on aging and regional councils of government.

C. Problem Statement

The Alabama Department of Labor’s LMI Division projections indicate that Alabama will be substantially impacted by the “graying” of its population over the coming decade. In fact, its aging rate will outpace developments in most other states and the nation. The pool of persons ages 55 and older is projected to grow by 30% over the next ten years, compared to only a 4% growth rate for the 16-54 age group. Persons age 55 and older will account for nearly 75% of the projected increase in the nation’s working-age population in the next decade, a historically unprecedented development. Alabama will be a part of this dramatic shift in the workforce.
What does this mean to the employment situation for older workers in Alabama?
It means tremendous opportunity for seniors who want to stay in the workforce or re-enter it after having retired. Many leading national corporations like Home Depot and CVS have discovered the value of the older worker and have put programs in place to keep older workers on staff or hire them back as consultants. Those companies that choose to ignore this “age wave” will struggle to keep their workforce intact in the very near future. Due to the decrease in the number of young people entering the workforce, jobs will be there for older workers who want to work.

These demographic and labor force changes in Alabama in the coming decade will pose several important challenges for the state’s private and public sector employees and the workforce development system as a whole. In the years ahead, most employers will have to substantially increase the number of older workers on their payrolls and restructure their hiring practices to accommodate greater numbers of older workers.

II. REQUEST FOR PROPOSAL

ADSS is seeking a qualified public or non-profit agency (referred to as “Sub-grantee”) to administer SCSEP, Title V of the Older Americans Act. SCSEP is the only Federally-sponsored employment and training program targeted specifically to low-income older individuals who want to enter or re-enter the workforce. Program participants receive work experience at local public or non-profit agencies and are paid the higher of the Federal, State, or local minimum wage, or the prevailing wage for similar employment, for approximately 20 hours per week while in community service and other job training. The dual goals of the program are to promote useful opportunities in community service job training and to move SCSEP participants into unsubsidized employment, where appropriate.

III. ROLES AND RESPONSIBILITIES

ADSS and its sub-grantees work in partnership to ensure the best outcomes for each participant and the overall program. The following provides a brief overview of roles and responsibilities of the sub-grantee and ADSS.
**Sub-grantee.** Key among their responsibilities, sub-grantees recruit SCSEP-eligible individuals, assist them in gaining the skills and confidence necessary to secure unsubsidized employment, provide training, especially community service employment for the number of participants specified in the agreement, facilitate their unsubsidized employment and promote their retention in those jobs. To accomplish this, sub-grantees take the following steps:

- Meet all performance goals outlined in the Agreement;
- For 23 authorized positions, employ at least a half-time SCSEP project director and other personnel necessary for the direction, programmatic and financial administration, and supervision of the SCSEP program;
- Recruit and select eligible participants for enrollment in SCSEP;
- Select host agencies;
- Promote linkages and partnerships with local employers and public workforce providers; and
- Comply with SCSEP policies, procedures, and related requirements, such as using the DOL database for SCSEP (SPARQ), and forms to inform ADSS about performance measure data and other information necessary for the program; and
- Use our case management method, specifically the assessment and Individual Employment Plan (IEPs) to guide all program services, including appropriate community service assignments, additional training, job development and placement assistance, and supportive services.

**ADSS Responsibilities:**

- Provide guidance, training, and coaching on program planning and performance, program expenditures, data collection, and SCSEP and ADSS policy;
- Provide technical assistance on ADSS’ person-centered approach to IEPs, community service assignments, and unsubsidized placements;
- Monitoring program performance and operations;
- Ensuring quality data, training and supporting sub-grantees’ data entry staff, using reports; and
- Assistance with cost reporting and other fiscal matters.
IV. FUNDING

Sub-grantees’ SCSEP budgets are formula-funded based on the number of authorized positions. Each budget has four line items:

1. **Participant Wages and Fringe Benefits (PWFB)**, which are dedicated funds for the wages and fringe benefits for the time that participants spend in approved program activities (e.g. orientation, community service assignment, orientation, other permissible training). Participant wages are based on the higher of the Federal, State or local minimum wage or the comparable wage for similar employment. Sub-grantees must spend 100% of the PWFB funds provided in the sub-grant. Generally, sub-grantees pay participants’ wages every two weeks.

SCSEP regulations list required fringe benefits as: the offer of an annual physical examination; workers’ compensation coverage; compensation for scheduled work on Federal holidays; and necessary sick leave. Unemployment compensation coverage is not required for SCSEP participants by Alabama state law and therefore is not applicable. Fringe benefits prohibited by SCSEP regulations include contributions to retirement plans, annual leave, bonuses, or any carryover of benefits from one program year to the next.

2. **Administrative Costs (ADM)**, which are the costs associated with:
   - Performing overall general administrative and coordination functions, including:
     - Accounting, budgeting, financial and cash management functions;
     - Procurement and purchasing functions;
     - Property management functions;
     - Personnel management functions;
     - Payroll functions;
     - Coordinating the resolution of findings arising from audits, reviews, investigations, and incident reports;
     - Audit functions;
     - General legal services functions; and
     - Developing systems and procedures, including information system, required for these administrative functions.
   - Oversight and monitoring responsibilities related to administrative functions.
   - Costs of goods and services.

3. **Other Program Costs (OPC)**, which include, but are not limited to, the costs of the following functions:
   - PWFB, consisting of wages paid and fringe benefits provided to participants for hours of community service assignments;
   - Outreach, recruitment, selection, intake, orientation, assessment and preparation of IEPs;
   - Participant training provided on the job, in a classroom setting or utilizing other appropriate arrangements, consisting of reasonable costs of classroom space, training supplies, materials, equipment and tuition;
• Job placement assistance, including job development and job search assistance, job fairs, job clubs, and job referrals; and
• Participant supportive services.

4. **Non-Federal Share of Costs (Non-Federal).** Sub-grantees provide at least a 10 percent non-Federal contribution to SCSEP. As part of submitting this application, the sub-grantee agrees to this commitment, which must be from non-Federal sources.

Non-federal costs can be broken down into three categories:

• **Cash component** is monies from non-federal sources that sponsor expends in support of the program. This might include, but is not limited to, the project directors’ salary and fringe benefits; the cost of general liability insurance and rent paid for either the premises or meeting rooms, if paid in cash.

• **Indirect** is the amount of overhead paid by the sponsor and distributed based on an approved distribution plan.

• **In-kind costs** are the value of non-cash goods and services that directly benefit the program. In-kind costs can come from host agencies, the sub-grantee and the local community. In-kind costs can include, for example, the value of supervisory time that the host agency provides for participants. Other examples of in-kinds costs are donated or discounted professional services, space charges, meeting space, telephone and transportation.

**The total estimated amount of funds for this twelve (12) month PY19 sub-grant is below.**

V. TARGET POPULATION

The following information describes key aspects of the program. For more in-depth understanding, please refer to the resources listed in Section XIV of this RFP.

**Eligible Participant.** An individual is eligible for SCSEP if he or she is not employed at the time of enrollment, is age 55 or older, has not previously participated in SCSEP for 48 months, and has includable family income totaling no more than 125 percent of the Federal poverty guidelines.

**Priority of Service for Individuals with Multiple Barriers to Employment.** SCSEP provides priority of service to those most-in-need as provided at 20 CFR 641.520. These individuals:

- Are veterans (or eligible spouses of veterans) for purposes of §2a of the Jobs for Veterans Act, 39 U.S.C. 4215(a)
- Are age 65 or older;
- Have a disability;
- Have limited English proficiency;
- Have low literacy skills;
- Reside in a rural area;
- Have low employment prospects;
- Have failed to find employment after using services provided through the American Job Center delivery system; or
- Are homeless or at risk of homelessness.

**Individual Employment Plans (IEP).** Sub-grantees assess each SCSEP participant to determine his or her skills and employment-related needs and develop a plan to improve the participant’s employability. The initial IEP includes an appropriate employment goal for each participant. The sub-grantee must then provide or arrange for training and other supportive services identified in participants’ IEPs that are consistent with SCSEP’s goal of unsubsidized employment. (Other employment and training programs sometimes refer to this type of plan as an Individual Development Plan or Individual Training Plan). The sub-grantee monitors the participant’s IEP progress regularly and completes a reassessment for each participant at least twice during a 12-month period and updates the IEP as necessary but at least twice a year. If the sub-grantee determines that the initial goal of unsubsidized employment is not feasible, the sub-grantee reviews the IEP to reflect other approaches, including transitioning to other services or programs, to help the participant achieve maximum self-sufficiency and an enhanced quality of life after SCSEP participation has ended.

**Unsubsidized Employment.** An important goal of the program is to help participants achieve self-sufficiency when they exit the program. For participants whose IEP includes a goal of unsubsidized employment, sub-grantees provide training opportunities that enable participants to obtain such employment. In addition, sub-grantees provide regular follow-up communication, for 16 months after exit, with former participants and employers to ensure that the person retains the job. Quality training efforts, appropriate placements, and good relationships between the sub-grantee and the local employer community increase the likelihood of successful unsubsidized employment and job...
retention for participants who exit the program.

**Community Service Work-Based Training.** Providing subsidized work-based training through community service is the core feature of the SCSEP service delivery model. The training must be provided by a public agency or 501(c)(3) non-profit organization that meets the requirements of a host agency. Participants earn wages and develop the confidence and skills needed for successful employment; the organizations that host the participants benefit from the participants’ work. Community service may include but is not limited to activities such as social, health, welfare and educational services; weatherization efforts; and economic development. The training provided at these host agencies must be consistent with the participant’s assessment and IEP.

**Host Agencies.** Host agencies provide supervision, training and work sites for SCSEP participants and may be public agencies or 501(c)(3) non-profit organizations. Host agencies provide training and work experience for participants. Sub-grantees also work with host agencies to identify appropriate training that does not lead to maintenance of effort violations.

**Maintenance of Effort.** A community service assignment for a SCSEP participant is permissible only when specific maintenance of effort requirements are met. Each sub-grantee must not reduce the number of employment opportunities; displace currently employed workers; impair existing contracts or result in the substitution of Federal funds for other funds in connection with work that would otherwise be performed; or employ a SCSEP participant to perform the same work or substantially the same work as that performed by any other individual who is on layoff.

**Other Permissible Training.** Sub-grantees can provide other types of training in addition to work-based community service training. This additional training is tailored to each participant and may include classroom training or general skills training. With prior approval from ADSS, training can also include on-the-job experience (OJE) training.

**Coordination with American Job Centers, State and Local Workforce Investment Boards, Area Agencies on Aging, Other SCSEP Providers.** As a required partner, all SCSEP sub-grantees must coordinate activities with local American Job Centers, (known in Alabama as Alabama Career Centers), administered by Local Workforce Investment Boards under the Workforce Innovation and Opportunity Act of 2015 (WIOA) through a Memorandum of Understanding. Sub-grantees also coordinate with other SCSEP providers and area agencies on aging to ensure seamless support to help participants achieve self-sufficiency.
VI. Performance Measures

The sub-grantee must achieve the performance goals outlined in its Agreement with ADSS. As stated earlier, ADSS will provide training, guidance and technical support to assist the selected sub-grantee. Listed below are the PY18 goals for ADSS’ current sub-grantee serving Jefferson County. ADSS has not yet established its PY19 performance goals.

1. **Service Level (Number of eligible individuals served)**
   
   154.7% times your number of authorized positions
   
   **PY19 Goal = 154.7% of 23 positions = 36 participants by June 30, 2020**

2. **Community Service Hours (in the aggregate of community service employment)**
   
   Hours in the aggregate of community service employment compares the total number of hours of community service provided by each SCSEP sub-grantee to the number of community service hours funded by the grant
   
   **PY19 Goal = 80%**

3. **Service to Most-in-Need**
   
   Counts the total number of the most-in-need characteristics (these are the same as the *Priority of Service for Individuals*, listed on page 7) for all participants enrolled since July 1, 2007 and divides by the total number of participants served
   
   **PY19 Goal = 2.88**

4. **Employment Rate – 2nd Quarter After Exit**
   
   The number of participants employed in the 2nd quarter after the exit quarter divided by the number of participants who exited two quarters earlier
   
   **PY19 Goal = 34%**

5. **Employment Rate – 4th Quarter After Exit**
   
   The number of participants employed in the 4th quarter after the exit quarter divided by the number of participants who exited two quarters earlier
   
   **PY19 Goal = 29.5%**

6. **Median Earnings**
   
   Of those participants who are employed in the first, second, and third quarters after the exit quarter: the total earnings in the second quarter plus the total earnings in the third quarter after exit divided by the number of participants who exit during the quarter* (this measure only looks at those individuals who are included in the retention measure)
   
   **PY19 Goal = $2,950**

7. **Spend 100% of Participant Wages and Fringe Benefits (PWFB) by the end of the program year.**
VII. ELIGIBILITY & MINIMUM QUALIFICATIONS FOR RESPONDING ORGANIZATIONS
